ADMIN RECORD

Gentlemen:

The U.S. Department of Energy/Rocky Flats Field Office (DOE/RFFO) is transmitting two copies of the 1994 Well Abandonment and Replacement Program Final Report for informational purposes. Analytical results will be presented in a separate report transmitted later this month.

This report documents the WARP activities for 1994. The field activities included abandonment of wells that are no longer viable or no longer necessary to the groundwater monitoring program; installation of new or replacement wells; drilling and evaluation of special boreholes for geotechnical or seismic investigations; geophysical assessment of select wells and boreholes; land surveying of the locations of wells and boreholes; and installation of two offsite wells.

contact Norma I. Castaneda at 966-4226 if you should have any questions regarding this document.

Sincerely,

Steve W. Slaten
IAG Coordinator
